#96.

ESTABLISHMENT OF AIR TRANSPORT LINES
Aden Consular District.

From:

Leo J. Callanan
American Consul

Aden, Arabia. Date of Completion: August 20, 1935.
Date of Mailing: August 21, 1935.

1. a. Reliable information has been received to the effect that an Italian air transport line is to be established from Italy through Eritrea and British Somaliland and/or French Somaliland to Italian Somaliland. Two Italian representatives have visited Djibouti and Berbera, and it is understood that the project has advanced beyond preliminaries, but the name to be given the new line is not known. Local weather conditions, it is believed, will necessitate the use of Djibouti during the monsoon season (April to

September),

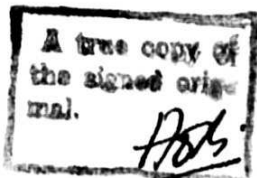

September), while Berbera will be the place of call during the balance of the year.

Another report on this project will be submitted when further information is available.

Original and two copies to Dept.
